Ian Dyck Continues Solo Success

Fraserville - June 26, 2011 - Defending club Solo Champion, Ian Dyck continues to roll along in the 2011 Peterborough Motor Sports Club Solo Series. Dyck picked up another best time in the Speed Weekend Solo event at the Kawartha Downs Speedway this past Sunday.

Dyck actually finished 7th in overall raw time with a fastest run of 56.881 seconds in his 1995 Dodge Neon. But he placed first using the "Pax" handicap factor for a time of 46.187 seconds. That was less than 3 tenths of a second ahead of Bryan Hunt in a 1993 Chevrolet Cavalier whose Pax time was 46.409.

Not far behind were Brian Lynas in third place and Travis Grubb in fourth, both driving Lynas' 2000 Mazda Miata.

Their raw times and Pax times were only hundredths of a second apart (55.370/55.418 & 46.566/46.606).

Overall fastest time of day (54.564) went to Tyler Junkin in a modified 1997 Chevrolet Cavalier just six tenths of a second in front of Curtis James in a modified 1992 Mazda Miata.

Twenty four cars entered the contest which was held in the speedway's pit area.

Several unusual cars took to the course Sunday including a classic, mint-condition, 1969 Corvair Corso driven by John Gray, the former mayor of Oshawa.

Peterborough's Greg Bateman drove his 2007 Lotus Elise to high finishes while eight-year old Jordan Caravaggio zipped around the course in his Birel Go-Kart to the delight of the other competitors.

The next event for the Peterborough Motor Sports Club is the Mobile 1, Mid-Summer Regional Solo on Sunday July 17th at the Kawartha Downs Speedway oval. More than 50 competitors from across Ontario are expected to enter.
